

Cedartree

Introducing the

CEDELLA

range of hot tub gazebos

The new
CHALETTA
range of swim spa lodges

And
MUCH MORE...

CEDELLA

The Cedella Gable Roof range has been developed in early 2014 as an attractive-looking and attractively-priced response to the need for all weather enjoyment of your hot tub.

The Cedella range is offered in a wide variety of sizes with a gable width of 2.5 metres in increments up to 4 metres. The 33 denotes 3 metre gable width, 3 metre length... and we go up to Cedella 46 with a 4 metre gable width and a length of 6 metres.

The Cedella 33 shown here is the most popular size for most hot tubs... offered in a variety of configurations from the basic roof on posts, as the Cedella 33A, going through to the fully enclosed version as in Cedella 33G.

And in addition to our new Cedella range we offer a wide range of buildings in our traditional programme, and a few of these are illustrated on the back page of this leaflet.

Cedella 33F

Cedella 33A

Cedella 33B

Cedella 33G

Cedella 33 - Size guide and prices

Cedella 33A **£2,175***

Cedella 33B **£2,698***

Cedella 33F **£3,460***

Cedella 33G **£5,370***

Cedella 46 - Size guide and prices

Cedella 46A **£4,584***

Cedella 46B **£5,613***

Cedella 46F **£6,832***

Cedella 46G **£10,472***

* These prices include VAT but are based on ex factory Stokenchuch, near Oxford. Pool not included. Our delivery and installation costs are competitive, but can only be quoted against details of proposed location, access etc. Typically these charges represent an additional 10% - 20% depending on distance.

CHALETTA

Introducing the new Chaletta range of swim spa and pool buildings.

We have recently developed a new "one design" range of structures suitable for the rapidly increasing demand for swim spas and exercise pools. The Chaletta has been designed to accommodate most 14' long swim spas (typically with a length of 4.3 metres and a width of up to 2.3 metres, and to a height of 1.3 metres) These buildings are offered in 3 different roof styles, either gable, hipped or monopitch, depending on aesthetics, personal preference and planning considerations. Some customers prefer the swim spa or pool to be half inground, and other considerations dictate a fully above ground installation. These alternatives are shown in our cross sectional illustrations.

The Chaletta offers:

- All year round enjoyment of your swim spa
- Well insulated panelled walls and ceiling
- Toughened safety glass throughout
- Extraordinary degree of warmth retention throughout the year
- Bright and airy whilst still being "cosy"

The Chaletta changes your swimming experience from a summer only to an all year round enjoyment, shared with your family, your friends, your children and your grandchildren. No longer the enclosed "claustrophobic" cabin, but the opportunity to enjoy fitness and exercise in the privacy, but openness, of your own private garden.

The illustrations are for our standard Chaletta range, and the specific size of 3.5 x 4.5 metres. We continue to offer our traditional Cedarlodge range in a very wide variety of sizes and configurations, and some introductory photos are shown on the reverse of this brochure.
